Dear Laura,

I hope all is well with you and family, friends. Thanks so much for your postcard I received on today. I know Harold Wilson personally. He is a good man. Has spoken out about my innocence since he's been home. Most people don't realize that prison is a billion dollar business. This entire county was poor until, this prison was built. This prison is far away from Philadelphia, I haven't seen family in many years. Can't afford to come up here. Phone calls, food, everything cost. Prison is designed to destroy family, breakup friendships etc; Being here is a nightmare for me.

There is a new petition supporting my innocence. The goal is to get 5,000 or 10,000 names on petition present to courts. I would appreciate it if you signed petition. Encourage others to do the same. Petition address is:

The www.savejimmy.de website is ran by Sarah Gau in Germany. She is the director of Save Jimmy Team Germany. I do not have alot of support. I could use all the help I can get. It's only a few people helping me. Speaking out about my innocence. The internet creates a illusion that I have alot of support, but it's not the case. Anything you can do to help be greatly appreciated.

I hope to hear from you again. I always leave music I enjoy at the end of letter. Take care Laura, peace. Music :-(Whitney Houston & Mariah Carey "When You Believe") (K-Ci & JoJo "Life")
